FUNDAMENTOS Y HERRAMIENTAS PARA LA MODELIZACIÓN DE PROCESOS TÉCNICOS-CIENTÍFICOS DE INVESTIGACIÓN

Bloque III: Modelización estadística.

Gráficos con R (Rcommander)

Roberto Espejo Mohedano e-mail:

En la ventana de R-Console aparece el gráfico pedido

Frecuencias: Nº de observaciones en cada intervalo. Frecuencia Absoluta

Porcentajes: Tanto por ciento de observaciones en cada intervalo.

Densidad: Igual al anterior, pero en tantos por uno. Frecuencia Relativa

No se pueden simultanear los tres gráficos, al representar uno de ellos, borra el anterior
